

A Positive School Climate Starts Here.

Create a safe, supportive learning environment that enables students to thrive with CPI training.

Preparing educators to confidently handle the year ahead **starts with CPI certified staff in every school** to ensure a healthy learning environment and positive school climate.

The ARP ESSER grant is available to fund CPI's essential training for educators. ARP requires that **at least 20% of funding be used to address learning loss through evidence-based interventions** that respond to students' academic, social, and emotional needs.

96%

of educators have **seen significant improvement** in staff de-escalation skills and overall school safety since implementing CPI training.

The ARP ESSER grant makes adding CPI training **more achievable than ever.**

< \$80

For **less than \$80 per person**, you can certify your entire staff in evidence-based, de-escalation training from CPI.
